Principal Report

Teachers Stop Work meeting

Teachers across NSW will be attending a stop work meeting from 8.30am to 10.30am on Thursday the 8th of December.

As a result of this meeting, the school will operate with *minimal supervision* for students during these times.

Structures will be in place for students to be supervised, but normal classes will not operate until all teachers return. If you can avoid sending your child until 10.30am, that would be appreciated.

The School Swim Scheme will not be affected and will continue as usual. Please ensure all swimmers attend as normal.

Reports

Reports are due to go home at the end of this week. Please check your child's bag on Friday to ensure it arrives safely.

Any parents who are wishing to discuss their child's end of year report with the class teacher, need to make an appointment through the office to arrange a suitable time.

Swimming Scheme

It is wonderful to hear about the progress the students are making whilst attending the school swim scheme. A special thank you to all the staff who are supporting this very important program.

Primary Elective Sport

This week sees the end of our Term 4 elective sport program for Stage 2 and Stage 3. We would like to thank the Community for supporting these activities via tuition and/or use of their facilities.

End of Year Activities.

As we are quickly approaching the end of the year and the students become involved in a variety of different activities; swimming, movies, class parties, luncheons, performances, etc., it is of utmost importance that students remember to use their school values.

Have a great week,
Simon Taylor

Mathletics: Extra News

Live Maths is a speed and accuracy game included in Mathletics. This year students have completed over 5,471 games, resulting in more than 126,490 Live Maths points being earned, with an 90% accuracy. Fantastic effort!

Mathletics Update Week 9

Another successful week for Mathletics at Eden Public! We had 3 students achieve their Silver Certificate and 25 students achieve their Bronze Certificates. Well done everyone! Remember to get a Silver certificate you must get four Bronze certificates. Bronze certificates are earned by **getting 1000 points in a week** (Monday morning to Sunday night), about 5-10 activities in total. Just check the rocket ship to see your weekly progress.

Congratulations also goes to **3/4A who were last week's leading class with 14 certificates**. Second place goes to 5/6L (3), with equal third place to 1/2K (2), 1/2B (2) and 2-4B (2). Just remember students have full 24hr access to Mathletics on the Internet.
