### Parent Tell Them From Me Survey

This is the last week to complete our parent feedback survey.

This Term, Eden Public School will be participating in the Partners in Learning parent survey, another part of the Tell Them From Me suite of surveys (student, teacher and parent surveys) on student engagement. The survey asks parents and carers questions about different factors that are known to impact on student wellbeing and engagement.

Running this survey will help our school understand parents' and carers' perspectives on their child's experience at school. These include communication between parents/carers and staff, activities and practices at home and parent/carer views on the school's support of learning and behaviour. This valuable feedback will help our school make practical improvements.

The survey is conducted entirely online on smartphones, iPads, tablets, laptops or computers. The survey will typically take 15 minutes or less to complete and is completely confidential. The parent survey will be conducted over Term 4. Although participating in the survey is entirely voluntary, your responses are very much appreciated. More information about the survey is available at: [education.nsw.gov.au/ttfm](http://education.nsw.gov.au/ttfm).

The LED Lighting Upgrade Program needs local electricians to install upgraded lighting at our school and potentially others in our local area. The Department is hiring electricians to do this work **right now**.

If we have electricians in our school community, register for the Local Trades Scheme, which is where jobs are posted. Registration is free.
